Elden Ring was created by Wargaming.net, and we are currently in the process of building up a game studio. Elden Ring is a fantasy action RPG game, and it has been designed to be played in the browser. It is also a plan to continue the game development in a stand-alone product on iOS and Android. In Elden Ring, the world of Elden between two geostrategically important places is your battlefield. The Lands Between is a strange, vast world that has a lot to offer to those who have a strong enough will to explore it. Posted 7/10/2012 5:12pm Elden Rings is scheduled to be released on the 11th of June, 2012. We are here to give you a small taste of the game, if you are interested. So, let's take a ride! In this demo there are 8 characters available. Each character has its own unique story, so we recommend that you play each of them by yourself in order to understand them better. You can also play the demo with your own account, so there's no worries about your password/online security. The legendary Lands Between is a world filled with hidden horrors, fantastical creatures, and other mysteries. You will be able to explore this world freely from the safety of your computer. The combat system has been designed to be easy to understand. In order to focus on character customization and story, we have decided not to overload you with the complexity of a traditional turn-based combat system. Only when you get into the third chapter will the combat style change to something more traditional. Each character you use in the demo will have a unique

story. For example, Maricael is a young girl who has no qualms about seeking adventure. She becomes tired of the peaceful lifestyle in the Cairn Mountains, and her journey takes her to the Lands Between. You will also have to fight in the lands between to complete your quest. So what are you waiting for? Go give it a shot! After you start the game, you will be in front of a screen that looks like this: We recommend that you start with one of the normal starting classes. You can change your class and character at any time. The first two sections of the game (1 and 2) are relatively small.

## **Features Key:**

**New Adventure System:** Enjoy an exciting thrill ride with a new "Search and Rescue" mechanic, which tasks you with working together with a party to bring back a NPC lost in the dungeons.

**Recover Lost Allies:** Interacting with anyone on the battlefield changes your own status, and you are able to contribute to the battle by using your special abilities. You can recover lost allies, too.

**New Monsters:** Japanese-style heavy monsters, dangerous monsters, light monsters, and traditional fantasy monsters are all available! If you encounter something unfamiliar, this game is confident it can adapt!

**New Battle System:** You will perform actions to enhance your own abilities, allowing you to activate new and powerful attacks.

**What's new:**

**THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between.**

- **A Vast World Full of Excitement** A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment.
- **Create your Own Character** In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic.
- **An Epic Drama Born from a Myth** A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between.
- **Unique Online Play that Loosely Connects You to Others** In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.

**Here Is No Turning Back is a Fantasy Action RPG with Story Android Data Party TALES THAT FUELED THE HISTORY OF OUR WORLD** From the dawn of time; from the beginning, there was sorcery. To confront them, knights were created, wielding weapons taken from the gods themselves. There was no turning back from this. If glory and power were our only goals, there would

be a meeting between the gods and humankind. But there is more than this. There are other tales, apart from those of kings and conquests. Tales that tell of the hardships of mortals who have made the journey beyond our borders; not myths invented by bards but legends that happened in our world. A clash of gods A clash of elements ... A clash of worlds in the Lands Between. How should we respond to a war? What is our responsibility to the realms of fantasy? >Dialogue is placed in >Multimedia section as >Video(EPG: V) >Audio (EPG: T) FEATURES&colon; &largeHeats;&Colon; &largeAlthough;&Colon;
